

MILLER IS AGAIN TO HEAD BOARD

Re-elected as President When School Directors Hold Election.

MRS. MONKS SWORN IN

The Narberth School Board re-organized Monday morning when the oath of office was administered to one new member and one re-elected official.

Colonel Isadore A. Miller, president of the board, who was re-elected for a full term last month, and Mrs. Josie S. Monks, new member, took their seats at that time in the newly constituted board.

The members immediately proceeded to choose a president and vice president to succeed Colonel Miller and Mrs. E. C. Batchelor, whose terms expired. Mrs. Batchelor had served as vice president.

Colonel Miller was unanimously chosen to succeed himself as president and Mrs. F. T. Van Auker was elected vice president. Election for secretary and treasurer does not take place until March. Those positions are held by Dr. L. A. King and Dr. Walter Steckbeck, respectively.

Colonel Miller has been a member of the board for two years, having succeeded C. Howard McCarter, former president, who served more than a quarter century. Colonel Miller was appointed to the vacancy caused by the resignation of Robert J. Dothard, and was elected president on the same night he took his place on the board.

The board's regular December meeting will be held on Friday, the 16th, at 8 P. M. School officials have announced that the Christmas recess will start at the close of school Thursday, December 22, and will end Tuesday morning, January 3. Exercises will be held by all the grades on Thursday afternoon before the vacation commences.

HOLD ART EXHIBIT

Local Woman Directs Oil Painting Studio in Ardmore.

The Holiday Studio, planned for the exhibition and sale of small oil paintings, will be opened today at 54 East Lancaster avenue, Ardmore. It will remain open until Christmas, with the purpose of interesting Main Liners in the works of many nationally famous artists living in Philadelphia and vicinity.

Mrs. Grace C. Batchelor, of Narberth, is directing the project, which has the support of a number of residents interested in art. It has not been planned as a permanent exhibit, but will be maintained through the holiday season.

A partial list of the artists whose works will be represented at the studio follows:

Yarnall Abbott; Walter E. Baum, Harry G. Berman, Mary Butler, John R. Conner, John F. Folinsbee, Arrah Lee Gaul, A. Van Nessel Greene, W. L. Lathrop, George Lear, Nat Little, Antonio P. Martino, Henry Pitz, Jules A. Scaella, Alice Bennett Sotter, George W. Sotter, Ralph Taylor, E. A. Trego, Fred Wagner, Ethel H. Warwick and Elizabeth F. Washington.

KUNKEI BAZAAR

At last the time for the Kuneki Camp Fire Bazaar has arrived. December 17 is the exact day and the place is the empty store room between Shea's and Davis'. The collection of handmade articles is unique and unusual. There will be homemade cakes and homemade candy. There will be nothing which one will want to miss. Therefore, be on hand December 17, at 222 Haverford avenue.

A LAST REMINDER

Do not fail to visit the Methodist Bazaar in Elm Hall today. The beautiful booths and decorations will make your Christmas shopping a pleasure. Gifts for all from baby to grandparents. Not the least among the articles are aprons. All kinds, from scrubbing to fancy ones for gifts, will be on sale.

On Narberth School Board

Colonel Isadore A. Miller, railroad executive who was re-elected president of the Narberth School Board Monday night. He was appointed to the board two years ago, sworn into office and elected to his first term on the same night.

Mrs. Josie S. Monks, who was sworn in as a member of the board school board Monday following her election without opposition in November. She replaces Mrs. E. C. Batchelor, who withdrew, and is the second woman member of the board, the other being Mrs. F. T. Van Auker.

WOMEN'S CLUB TO ACT ON CLUBHOUSE

Chorus and Readings Also to Feature Only Meeting in Month.

ANXIOUS FOR QUORUM

If one is ill or upstate on a deer hunting expedition or in consultation with paper hangers she may be excused, but otherwise every member of the Women's Community Club is expected to be present on December 13 at the regular meeting, the only one for the month. To build or not to build a clubhouse and just how the undertaking can be financed will be discussed and it is hoped that every member will be prepared to give her opinion.

The club chorus, under the direction of Mrs. Hipwell, music chairman, and accompanied by Mrs. Chappatte, will make its first appearance. They will sing two, three and four part selections as follows: "Rockin' in the Win", "Bells of Shandon", "Ole Carolina", "Dina", "The First Nowell" and "Christmas Chimes." The members of the chorus at present are Mesdames L. P. Miller, Shaw, L. S. Richert, Gill Ashenbach, Speakman, Hongler, Staples, Farmer and Miss Kurzenkabe.

The real feature of the afternoon will be readings by Mrs. H. Stanley Rickert, one of the new members of the club. Piano accompaniment by Miss Merle Morrison, of Philadelphia, and appropriate old-fashioned furniture will emphasize the beauty and cleverness of impersonations of by-gone years. As Miss Etta Janet Bahl, graduate of MacTheil Conservatory in Minneapolis. Mrs. Rickert was for several years a member of the Victorian Maid Co. of the Swarthmore Chautauqua circuit. Carol singing by all the club members and a sociable cup of tea will be served by the hostess, Mrs. J. J. Findeisen, and her aides.

A Christmas party for children is planned for the afternoon of December 27.

On December 15 the junior club meeting will be held at the home of Mrs. Robert J. Nash, who has provided a room for the juniors to hold their meetings. At this meeting Miss Mary Chalfant will give an interesting talk on her European trip.

GUILD MEETS WEDNESDAY

The next regular sewing meeting of the Narberth Needlework Guild will be held at the home of Mrs. Henry Rose, 211 Woodside avenue, on Wednesday, December 14, starting at 10.30 A. M. All members of the town are invited to join in this work; either come for the day or half day just at it will suit you. Bring lunch, coffee will be served at noon. Since the annual collection of garments a number of women have expressed their desire to become directors and the board hopes many women will join with the local branch during the next year.

GIVE SUCCESSFUL MUSICAL COMEDY

"College Days" Presented at All Saints' Church Friday.

LOCAL MEMBERS STAR

"College Days," a musical comedy written by May and John Dodge, was presented in the gym of Montgomery School by the Young People's Fellowship of All Saints' Church, Wynnewood, last Friday evening before more than 300 people. The principal characters included

William Dean Coles, William Dothard; David Carson, Robert G. Weightman; Dorothy Smith, Ella Ross; Helen Jordan, Betty Bunting; Chauncey de Forest, Fred Egmore, Jr.; Jim Fox, Richard Gillis; Professor Horace Greeley Smith, "Prexy," Harry S. Messec, 3d; Martha Baldwin Teale, dean of women, Peggie Harshaw.

The girls in the chorus were the Misses Virginia Douglass, Ruth Hopkins, Betty McDermott, Ethel McKee, Rosalind Mellor, Cora Messec, Ellen Ray, Rosaline Shaw, Katherine Smith and Elizabeth Venemam. The men were Vestus Spindler, Charles Clegg, Edwin Kirk, William Johnston, Paul Lees, Reginald Lester and Raymond Rudrauff.

The best acting was done by Harry Messec and Peg Harshaw in their would-be love affair. All of the principals sang unusually well and they were ably assisted by Mrs. Kuebler at the piano. The chorus sang very well and showed results of excellent training. The comedy hits were "The Old Tom Cat" and "So Did I" as sung by the men.

After the operetta a six-piece orchestra under the direction of Bob Saville, of Narberth, furnished dance music until 1 A. M. The business manager, Richard Gillis, reports a fair surplus, which is to be applied to a scholarship at the Church Farm School at Glenloch.

CONSIDER ESSEX CHANGES

A plan to widen Essex avenue from Windsor to Haverford was discussed at a meeting Monday night at the Narberth National Bank.

Winter Comes But Lingers Not, Just to Thwart the Little Tot!

Sleds made their appearance and Christmas seemed very near, when the Main Line's first touch of wintry weather arrived Sunday in the form of a white blanket of snow. The precipitation was 1.78 inch, according to Charles J. A. Decker, Main Line Weather Observer.

Wintry sport was short-lived, however, when snow turned to sleet, and sleet to rain. The thermometer, which had swooped from 67 degrees down to 21 degrees, commenced climbing again, and the snow began melting away.

FORESEE NARBERTH TELEPHONE GROWTH

Bell Company Plans for 2100 Instruments Here in Five Years.

FACILITIES NOW O. K.

According to the latest estimates prepared by the Bell Telephone Company of Pennsylvania, Narberth will have 2100 telephones in operation by the end of 1932. This will mean an increase of 500 telephones in the next five years and is an indication of the general development that will characterize this section during the coming years.

From a service viewpoint the present telephone plant is adequate for Narberth's immediate needs. The telephone company, however, lays its plans for the future so that all necessary equipment will be in place and operating before it is actually needed.

The plans to meet future expansion are made by telephone engineers. Past telephone development in each community is taken. An average growth for a year is then obtained and projected into the future. New trends in industry, the natural increase of the population, and all other factors likely to have an effect on telephone development in each community are considered. Telephone field men equipped with maps go out into the locality being studied. They consider the placing of new roads, probable sites for residence and business purposes and also select probable routes for new cables that will be required to handle the growth.

Two estimates are then prepared. One, which is called a short term estimate, provides for growth for five years in the future. The other, known as a long term estimate, is for a period extending over 20 years in the future.

It is surprising how closely the estimated figures agree with the actual growth figures. The engineers who do this work are so proficient that it is only a very unusual development in a community which causes any more than the slightest difference between estimated and actual telephone development.

TO GIVE PONY

Hardware Store to Repeat Successful Plan of Last Year.

The Narberth Hardware Company, successors to E. J. Lyons, will award a live pony to some lucky youngster again this year, manager Keith announced this week. The pet is already safely housed in a specially built pen in the store.

"Lindy" is the name of the pedigree Shetland which will be given to one of the youthful customers on Christmas eve. Details of the offer may be secured from the store.

Last year "Rex," another pretty Shetland, was won by Bobby Brendlinger, of Bowman avenue and Baird road, Merion. The pony is now a member of Bobby's family. It has a stable of its own, and its master is an accomplished horseman.

RAISED \$4803.25

The report of the final returns on the Welfare Federation Campaign in Narberth shows that \$4803.25 was raised by the local committee headed by Daniel Leitch.

MUST SHOVEL WALKS

The arrival of snow this week brought Narberth householders face to face with the problem of snow removal. According to the borough ordinance, all pavements must be cleared for their full width within 24 hours of the time snow ceases to fall.

During the past two years officials have collected a list of offenders who have been warned for violations of the ordinance, and Burgess Frye promises summons to those on the list who are noted among offenders this year. The ordinance provides for a minimum fine of \$5 and costs.

No one was summoned this week as the storm was not of sufficient intensity. Those who neglected to clear their walks were listed, however, for action in case of further violations.

EXPECT DECISION SOON ON BUS LINE

Feel That Service Body Will Grant Request for New Route.

PROTEST AT HEARING

Representatives of Lower Merion township, the borough of Narberth, the Merion Civic Association, and sundry individual residents of Merion appeared last Thursday at the hearing before Public Service Commissioner Benn in Philadelphia City Hall to protest the application of the Montgomery Bus Company for a new line which is to run from Overbrook, down Wynnewood avenue in Merion to Wynnewood road, Narberth, and out this thoroughfare to Montgomery Pike and Anderson avenue, Ardmore.

No decision was given, but Commissioner Benn declared that he would take the matter under advisement and would render a ruling as soon as practicable. It is believed that a decision may be expected within the coming week.

Despite the opposition expressed from many sources, the feeling was prevalent among many of the attorneys at the hearing that the application of the bus company would be approved.

Mr. Hall's testimony had to do with the narrowness of Wynnewood avenue, Merion, over which it is proposed to run the new bus line. He declared that the thoroughfare was in poor repair and in one stretch admitted of a cartway of only 14 feet.

Mr. Smith repeated some of his previous arguments for the route and declared that another point for the line was the increase in the buildings of St. Charles Seminary at City Line, which would bring more students, who would need better transportation conveniences. In rebuttal it was stated that this institution had an entrance on Lancaster Pike also, and that students could avail themselves of busses running on that pike.

Division Passenger Agent Jones of the railroad submitted schedules and tariffs of the Pennsylvania Railroad for Merion, stating that these provided adequately and fairly for the transportation needs of that community.

The Montgomery Bus Company was represented at the hearing by Attorney Monroe H. Anders, its vice president. Other attorneys at the hearing were Charles Hall representing the Merion Civic Association; Burgess Henry A. Frye, representing the borough of Narberth, and Homer H. Hewitt, representing Parker S. Williams, solicitor for Lower Merion township. Police Superintendent Charles P. Smith, of Lower Merion, was also at the session.

SOUERKROUT SUPPER

Mrs. John S. Kriebel is having a sauerkraut supper on Thursday and Friday evenings, December 15 and 16, at her home, 115 Iona avenue, from 5.30 to 7.30 for the benefit of the Narberth Presbyterian Church Building Fund. Make your reservations early. Phone Narberth 3658-M. Tickets are 75 cents.

CHOOSE OFFICERS FOR SCOUT WORK

Prominent Citizens and Athlete on Board of Directors.

DOLD AGAIN PRESIDENT

Thirteen good men and true braved the elements last Wednesday evening to attend the meeting of the Fathers' Association for the purpose of electing officers and directors for the association, and a Troop Committee for the Narberth Boy Scouts.

F. A. Lanahan, chairman of the Nominating Committee, read his report immediately after the reports of the previous annual meeting had been read and approved. The officers are Edwin P. Dold president; Walton M. Wentz, vice president; Edwin T. Wolf, secretary and treasurer. The Board of Directors consists of the officers and W. Russell Green, I. N. Wilson, L. A. (Lou) Young, H. V. Whitney, E. C. Griswold and E. Keith Monnington. The Troop Committee includes W. Russell Green, H. V. Whitney, Walton M. Wentz, E. T. Wolf, A. R. Kneibler, Harvey J. Harman, James A. (Ted) Meredith, Prof. John A. Snyder and George Schroeder.

The treasurer's report was read and duly approved. The routine of business having been concluded, the meeting was thrown open by President Dold for general suggestions and comments, preceded by the report of Scoutmaster John Wilson, who informed the meeting that the present troop consists of 42 boys, with an average attendance of 80 per cent. Scout work, he said, was progressing most satisfactorily, patrols having been organized and several of the boys working hard for merit badges. It is hoped that a Court of Honor will be held in Narberth and as Carl B. Metzger is a member of the Main Line Court

LUTHERANS DEDICATE NEW CHURCH ORGAN

Recital Thursday Follows Ceremony Sunday Afternoon.

The new organ at the Holy Trinity Church was dedicated last Sunday afternoon at a well-attended service. The sermon was preached by Dr. A. Pohlman, Rev. A. C. Kanzinger, of Ardmore, delivered the invocation.

Mrs. Cletus A. Senft sang "Open the Gates of the Temple," in addition to which the choir rendered an anthem. Harry Clay Banks was guest organist. The organ committee consists of Milton E. Mackell, chairman; Mrs. J. T. Barclay, organist; Miss Ruth B. Hoffman, Miss Dorothy Jones, William S. Thompson and John C. Van Newkirk.

On Thursday night a program of numbers designed to show the capacity of the organ was given at a recital by Ralph P. Lewars, of the Holy Communion Lutheran Church of Philadelphia. He was assisted by Jessie M. Glenn, soloist.

The Kilgen Organ Company have furnished the following description of the new instrument:

The new pipe organ, which has been installed at the Holy Trinity Lutheran Church is a beautiful two manual instrument, built by George Kilgen & Sons, Inc., of St. Louis, Mo., and is adequate for the size of the auditorium.

George Kilgen & Sons have been building pipe organs for a period of 300 years. Their plant in St. Louis is claimed to be the largest and most up-to-date plant for the manufacture of pipe organs in this country. All Kilgen organs are built according to contract, and are voiced to suit the auditorium, therefore no organ is installed which will have either too little power for the size of the hall.

George Kilgen & Sons have built some of the smallest organs and some of the largest and they are at present installing an organ in St. Patrick's Cathedral, New York City, which will cost a minimum of \$138,000. A Kilgen organ is also to be installed in St. Margaret's Catholic Church of Narberth.

Bryn Mawr Trust to Have New Home

Excavation work has been started for the new building of the Bryn Mawr Trust Company at the corner of Lancaster and Bryn Mawr avenues in Bryn Mawr. The building which was torn down to make way for the new structure was built by William H. Ramsey in 1871.

L. M. High Football Dinner Slated for Next Saturday—26 Get Letters

The annual dinner given by the Lower Merion High School to the members of the Lower Merion football team will be held on Saturday evening, December 17, in the cafeteria of the Senior High School at Ardmore. The occasion this year promises to exceed any of those given in the past.

Arrangements are being made to take care of nearly 150 persons, 55 of whom will be the players on the past season's football squad. The rest of the party will include cheer leaders, ticket takers, coaches, members of the school board and the fathers of the senior class boys on the football squad.

As is the custom at Lower Merion, the captain for next year will be elected by the lettermen at this banquet. The most likely candidates for the honor are "Reds" Kohlhas, Bobby Elmore, Lard Cunningham and Charlie Faulk, all of whom will be seniors next year. At present Kohlhas or Elmore loom as the likely choice. Both boys are good players and popular with their mates.

The following boys have been rewarded with the varsity "L. M." in football for the past season, according to announcement made this week: Captain Alan Cook, D'Amora, Barclay, Bowman, Baker, Bottoms, Blair, Bridgeman, Coleman, Cross, Cunningham, Dothard, Deubler, Elmore, Faulk, Henwood, Kohlhas, Lloyd, Mearns, Murphy, Magee, Purse, Richardson, Scott, Smith, Vance and Paul Lees, the manager.

The following is the list of lettermen in soccer: Captain George Gerenbeck, Kesler, Cotter, Zipperlin, McNichol, Holmes, Steinbach, Esrey, Fretz, Haskell, Smyth, Wood, Sigel, Dockens, Magarity, Purring, Tully, Doherty, Lyons, Hicks and Dautle, the manager.

With the opening game set for next Tuesday, Coach Anderson has been drilling his Lower Merion High basketballers at every opportunity the past week. The coach has had to build an entirely new team as practically all of last year's players were graduated.

The boys that have returned are Captain Cook, Purse, Kohlhas, Deubler, D'Amora, Fleming, Faulk, Gane, Lockwood, Lyons, Mandes (both Al and Ernie), Mulligan, Mearns, Richardson, Sigal, Scott, Sherwood, Utterback, Lloyd.

Cook and Purse are the only lettermen available. Dothard and Barclay are still in the school, but neither is able to play. Dothard will be ineligible after the first of the year, which leaves him out of the picture.

The material is promising as most of the boys played on the second team last year, others on the squad have come from the Junior High, so the coach has candidates that at least know a little about the game.

It is too early yet to guess as to the likely lineup for the game with Friends Central which will be the opening opponent on the home floor next Tuesday. However, Cook, Fleming, Lloyd Gane guards; Lockwood, Purse, Richardson, Lyons, Mulligan, Kohlhas forwards; Sigal, Mearns centers; should see action in the game.

The schedule this year is a very stiff one calling for 20 games with the best of the suburban schools. The first five games will be at home with teams that are not in the Suburban League. This will give the players time to get working together before the important league teams come along.

NEW BUILDING FOR BRYN MAWR TRUST

Ramsey Block Built in 1871 Has Been Demolished For Structure

Active work has been begun on the construction of the Bryn Mawr Trust Company's new banking building to be built at the corner of Lancaster and Bryn Mawr avenues in Bryn Mawr. Officials of the company expect the new structure will be entirely completed and ready for occupancy by the first of next October.

The building will be of Indiana limestone. There will be two entrances, one on Lancaster avenue and one on Bryn Mawr avenue, sufficient ground will also be set aside in the rear to admit of parking space for the customers and employees.

The Ramsey block that has stood so long at this point has now been entirely demolished and excavation has already been begun for the new building. The original

Ramsey building, which was built in 1871, was continuously occupied by William H. Ramsey in his grocery and feed business up to April 1, 1927, a period of 50 years, when the trust company purchased the property. The building which the bank now occupies was built by Mr. Ramsey in 1886.

The plans of the new building provide for a 30-foot store adjoining the bank on Lancaster avenue. This store will be of the same material and design as the banking building, in order to provide for future expansion of the trust company.

CHOCOLATE MERGER

H. O. Wilbur & Sons, Inc., and Suchard Co. Combine Interests.

H. O. Wilbur & Sons, Inc., of Philadelphia, of which Dr. B. K. Wilbur, of Haverford, is one of the heads, and the American interests of the Suchard Company, of Neuchatel, Switzerland, have been merged. The combination makes Philadelphia the headquarters of the fourth largest manufacturer of chocolate and cocoa in the United States. The merger involves companies having total assets of approximately \$5,500,000.

Negotiations for the consolidation, which have been under way for several months, were completed Monday, and resulted in the organization of the Wilbur-Suchard Chocolate Company, a Pennsylvania corporation.

CLUB MAPS BELT LINE

Purpose Is to Relieve Congestion of Motors Along Broad Street.

A belt line of connecting roads around the city which will divert through traffic from the central district has been marked out and signs posted along the entire route by the Automobile Club of Philadelphia.

The plan will, according to officials of the club, aid traffic which ordinarily would come down Broad street and leave the city by way of Woodland or Baltimore avenues.

The signs follow the Roosevelt Boulevard to City Line Bridge, Bala, thence over City Line to Llanerch, then over Lansdowne avenue to Darby.

The plan, which is being carried to many other roads, has been approved by the police and State Highway Department.

The Best on L. M.'s Grid Schedule

First Team

Krick (Radnor) Left End Paul (Cheltenham)
Fox (Radnor) Left Tackle Richardson (L. Merion)
Brodgen (Cheltenham) Left Guard Mattix (Abington)
Scott (Lower Merion) Center Logan (Haverford H.)
Zinn (Haverford High) Right Guard McCauley (Lansdowne)
Cook (Lower Merion) Right Tackle Haag (Penn Charter)
Johnson (Abington) Right End Purse (Lower Merion)
Smith (Lower Merion) Quarterback Riley (Cheltenham)
Worrell (Lansdowne) Right Halfback Fischer (Abington)
Kern (Abington) Left Halfback Burnshaw (Penn Ch'r)
G. Lentz (Radnor H.S.) Fullback Bonner (Haverford H.)

Second Team

In Which Our Newshound Picks an "All" Team from L. M. and Its Rivals

By S. B.

Now that the football season has come to an end, the usual selections of "All" teams are in order. The writer believes that it is impossible for any one person to select a team and claim that it is the best team that can be made up of players that have played in the suburban district in the season just closed; therefore I have limited myself to players on teams that have played against Lower Merion, all of whom I have seen in action. I believe, if the above group of players were all available for any one coach, that coach could mold a team that would give a very good account of itself against any high school eleven.

A good team must have a good set of forwards, therefore, the first duty of any "All" picker is to select a good line. Starting with the ends I think that Krick, of Radnor High School, was about the best end in suburban ranks this fall. He was fast down the field on all punts, a vicious tackler and a shifty hard player who made a good deal of trouble for opposing backfield men. As his running mate on the other wing I have selected Johnson, of Abington, whom I rank second only to Krick. The substitutes for this position are Paul, of Cheltenham, and Purse, of Lower Merion. Honorable mention is given to Bound, of Radnor; Voorhees, of Penn Charter, and D'Amora, of Lower Merion.

Big Fellows at Tackle.

For the tackle posts we need big fellows that can stand the gaff. Cook, of Lower Merion, and Fox, of Radnor, are the best. Both are around the six foot mark and weigh close to 175 pounds of good muscle. For their understudies in this position I would use Haag, of Penn Charter, and Richardson, of Lower Merion. There has been a lack of good guards this season and for that reason I have taken Captain Brodgen, of Cheltenham, and shifted him to one of the tackle posts. His regular position is tackle, but I feel that I would need him on my first team and that is why I would change his job. His helper on the other side of the center would be Zinn, of Haverford High. Zinn, while not a big fellow, makes up for his lack of weight by the fury of his play. The substitutes for this position are Mattix, of Abington, and McCauley, of Lansdowne. Honorable mention is given to Bottoms, of Lower Merion.

Standing head and shoulders above any center in scholastic ranks this fall is Scott, of Lower Merion. He would get the call at center. Though a trifle erratic at times in his passing, he made up for this in the manner in which he backed up the line. He did the work of two ordinary centers. Logan, of Haverford, makes a good sub to have on hand should anything happen to Scott. Honorable mention is given to Curley, of Radnor High School.

Backfield Above Average.

Now for the backfield. With such a powerful set of forwards any average backfield would be hard to stop, but my players are more than the average ones. My first team backfield would be composed of Smith, of Lower Merion. Smith would hit off tackle and would be a consistent ground gainer. Worrell, of Lansdowne, and Kern, of Abington, would be my halfbacks. Both can run the ends and throw passes and would make an ideal combination. G. Lentz, of Radnor, would fill the fullback position and do the punting. His punts have averaged over 50 yards all season, a really remarkable achievement for a high school player.

My second team backfield at first glance seems even stronger than my first one, but I think that in the long run the first quartet

would prove the better. The second team backfield would be composed of Riley, of Cheltenham, at quarterback; Fischer and Burnshaw, halfbacks, and Bonner, of Haverford High, at fullback. Other good backs that should be mentioned for their playing this season are W. Lentz, of Radnor; Bailey, of Penn Charter; Daniels, of Upper Darby; Bishop, of Lansdowne; Lloyd and Mearns, of Lower Merion, and Hughes, of Haverford High.

On my squad of 22 players I have no less than seven men that were captains of their respective teams, and in choosing Captain Cook, of Lower Merion, to lead my "All" team, I do so because I think it was because of his inspirational leadership that Lower Merion had such success this season.

D. A. R. to Meet

The regular stated meeting of the Doctor Benjamin Rush Chapter, Daughters of the American Revolution, will be held tomorrow at 2:30 o'clock at the home of Mrs. Achenbach, 507 Merwyn road, Narberth.

Mrs. Charles M. Irwin, Regent, will preside.

The annual Christmas party will be held at this time. Donations will be received for Ellis Island and hospitals.

It is hoped that all members will be present as there is business of importance to be brought before the meeting.

Suburbanites Excel, Quaker College Finds

Philadelphia Suburban students are high men scholastically for the first quarter of the present college year at Haverford, according to President William Wistar Comfort in an announcement made today. Franklin W. Smith, of Glenolden, and J. Tyson Stokes, of Media, lead the senior class, while David H. Hedley, of Glenside, is the only junior with an average over 90. Three sophomores, Benjamin F. Blair, of Media; Brewster H. Morris, of Villanova, and David S. Richie, of Moorestown, N. J., stand above 90 in their class. The freshman class is led by Carl A. Schopbach, of Collingswood High School last September. His average is 89.5.

Seal Benefits Every Person, Says Governor

The Christmas Seal campaign against tuberculosis has benefited all the citizens of Pennsylvania, according to Governor Fisher, who is Honorary Chairman of the Christmas Seal Committee for Pennsylvania. The Governor said:

"The great united campaign against tuberculosis has been of unusual value to Pennsylvania because it has benefited every community and all the citizens of each community have profited in various ways.

"Foremost in this effort stands the saving of thousands of lives annually, which means so much in the family life of the State. Economically, the campaign has benefited practically all citizens, including the merchant, the manufacturer and the worker.

"The bright little Christmas Seal has represented the heart of our people in this great fight against tuberculosis, a preventable disease, but which is no respecter of persons. In this, the 20th annual appearance of the Christmas Seal, I am confident it will be welcomed as an important aid in further reducing the ravages of the White Plague."

Colonel Henry W. Shoemaker is chairman, and Governor Fisher, honorary chairman of the Christmas Seal Committee for Pennsylvania. The other members of this committee for the 20th annual Christmas Seal sale comprise several scores of prominent and active men and women from all sections of the State.

"Y" MEN AT ROTARY

W. M. Wood and G. A. Mahl Speakers at Balcynar Club Luncheon.

Walter M. Wood, general secretary of the Y. M. C. A. in Philadelphia and vicinity, was the speaker Tuesday night at the monthly meeting of the Bala-Cynwyd-Narberth Rotary Club. He appeared at the invitation of the Rotary education committee, headed by Rev. Frank M. Gray.

Mr. Wood gave a sketch of the requirements for a well-rounded life, pointing out the American tendency to play up business at the expense of other important things. The spiritual, intellectual, social, inspirational and recreational factors should not be neglected, he told his hearers.

Mr. Wood was followed by George A. Mahl, field secretary of the Main Line territory, who told of the work of the Lower Merion branch, now known as the Main Line Christian Association.

The swimming pool, despite its small size, is often used by 50 boys at one time, of all ages. There are some five-year-old youngsters, he stated, who are proficient swimmers and divers, receiving their training from instructors at the pool.

The projected building at Anderson and Montgomery avenues, Ardmore, Mr. Mahl said, would be a complete and modern plant, costing possibly a half million dollars.

Misery loves company, but not any more than happiness does.

Made Big Hit

Irma Purring made a big hit with the audience at last week's performance of "Great Guns," the revue produced at the Junior High School in Ardmore under the auspices of the Bullock-Sanderson Post. She represented the month of August in the calendar number.

BYRD TO SPEAK

Flier Will Lecture in Junior High
School to Aid Alumnae
Association.

Commander Richard E. Byrd will tell his story of "The Atlantic and Other Flights" Wednesday evening at the Junior High School in Ardmore when he will lecture under auspices of the Lower Merion High School Alumni Association. His talk will be illustrated with motion pictures of his flight to the North Pole and across the Atlantic.

It is expected that Commander Byrd will tell of his plans to fly to the South Pole next year. Tickets for the lecture may be obtained from Miss Mary Scott at the Township Building in Ardmore, or other members of the Alumni board of directors. Proceeds of the lecture will go to the Alumni Association's scholarships fund.

ENGAGEMENT ANNOUNCED

Miss Cynthia Metzger, daughter of Mr. and Mrs. Carl B. Metzger, will entertain this afternoon by giving a luncheon and bridge at her home on Gilpin road in honor of her sister, Miss Martha Polen Metzger, whose engagement will be announced at that time to Mr. John Calvin Gray, of Belfast, Maine. Among the guests will be the Misses Laura Henderson, Frankford; Betty Bland, Germantown; Christine Brook, Germantown; Marjorie Wescott, Overbrook; Harriet Knapp, Beverly, N. J.; Janet Hayes, Wynnewood; Helen Marshall, Patty Sellers, Adele Wyeth, all from Merion; Emily McMakin, Florence Meade, Margaret Woodward, of Cynwyd; Laura Winters, Ruth Kraft, Hope Burlingame, of Bryn Mawr; Mary Mandes, Frances Gibbons, Mary Margaret Ransom, Gladys Rudnick and Ruth Ruddick, of Ardmore; Mary Dold, Katherine Adams, Patience Wohler, Betty Cook and Honora Snyder, of Narberth.

CONFIDENTIAL REPORT

Caesar, the Slick Sleuth, Runs Down
Some Facts.

Caesar, the Slick Sleuth, who promised last week to make a thorough investigation of the mysterious actions at the Narberth Tennis Club, upon being interviewed, disclosed the following confidential report.

Caesar, accompanied by his two trusty bloodhounds, Sniff and Snooff, stealthily entered the lower courts of the club at midnight with the light of a quarter moon shining over his left shoulder. After examining the dirt piles there and the surface of the lower courts with his big magnifying glass, Caesar found a delivery slip of M. R. Lane & Sons containing an order for several tons of clay. With unparalleled perspicacity typical of Caesar's deductive powers, Caesar concluded that the dirt piles had been ordered by the club from M. R. Lane & Sons for the purpose of reconditioning the lower courts.

Noticing certain imprints in the clay resembling canal boats in shape and size, Caesar put Sniff and Snooff on a scent, and was led to the homes of John Wine, president of the club, and Walter Cowin, chairman of the Grounds Committee.

These clues merely intrigued the curiosity of Caesar, who will report in this column next week the result of his further investigations.

PENSHURST AYRSHIRES
MAKE BIG RECORD

109 Cows Under Test in Herd—
Second Largest in Country.
During October the herd of 109 Ayrshire cows owned by Penshurst Farm of Narberth, averaged 698 pounds of 4.26% milk, 29.70 pounds of butterfat, ranking eighth in the United States among all herds tested under the rules of the Ayrshire Breeders' Association of Brandon, Vermont, according to Advanced Registry Superintendent W. A. Kyle. The total yield of this herd was 76,032 pounds milk.

Nineteen of the individual animals qualified for the breed's "Fifty-Pound-List," of these high production honors were conceded to Hazel's Good Gift, an eight-year-old that gave 1585 pounds of milk, 69.58 pounds fat.
Penshurst Farm is considered to be one of the leading Ayrshire breeding establishments in the country. Animals bred at this farm will be found in most every State of the Union. At present the herd sire is Penshurst Man o' War, a young bull that has proven his value as a breeding sire. His daughters have completed twenty-eight tests of production that average 9566 pounds milk, 393.02 pounds fat, before reaching maturity.
The farm is owned by Percival Roberts, Sr., and is managed by Dr. Ezra S. Deubler, president of the Bala-Cynwyd-Narberth Rotary Club.

DISEASE TAKES JUMP

Sixteen Cases Reported—Health Board Member's Son Stricken With Typhoid.
Sixteen cases of contagious disease were listed in Lower Merion the past week by Marvin E. Reynolds, township health officer. They include two of tuberculosis, seven chickenpox, two whooping cough and one each of diphtheria, typhoid fever, scarlet fever, measles and pneumonia.
Edward A. Shunway, Jr., 341 North Bowman avenue, Merion, is the typhoid patient. He is the son of Dr. E. A. Shunway, Mer-

ion member of the Lower Merion Health Board. R. Kaplan, Ardmore and Lancaster avenues, Ardmore, is the scarlet fever sufferer, and Baby Rigby, Casa del Ray Apartments, Haverford, is quarantined for diphtheria.

of Honor, this should be easily arranged.

Mr. Harman, who is the coach at Haverford College, will try to arrange for the use of the college swimming pool so that members of the troop can take lifesaving and swimming tests there. Probably the same arrangement can be made at the Penn Athletic Club.

Some interesting doings will happen this season. Professor Snyder will take the boys to the observatory of Central High School, and other men present promised to arrange visits to Cramp's Shipyard, the Breyer's Ice Cream Plant, etc. If this meets the eye of Commander Van Auken, doubtless he will let the boys see "Saratoga," the new airplane carrier. These trips, which are in the form of hikes, are entirely as a reward of merit.

Last but not least, the great need is men for assistant scoutmasters. They must be interested in boys, and willing to work for boys. Any likely lad, young or old, who thinks he can fill the bill, please get in touch with Scoutmaster John Wilson and Assistant Scoutmasters "Doc" Hutchinson and Art Cooke.

BOWLERS NEARING END
OF FIRST SERIES

Meteors Leading Section "A" by Heavy Margin.

The festivities of Thanksgiving interfered with the bowling of the match game between the Battlers and Lions on November 25. Several of the Lions went prowling for game in the wilds of Pennsylvania and were still at large on the twenty-fifth.

"A" secretary has four matches to report this week due to inability to report last week.

We have had some hot matches recently of which the scores bear evidence. On November 29 the Pilots came back strong, fulfilling a recent prediction of the secretary, and carried off three points out of four. Note, also, in the scores that on December 3 the

Lions won the point for total pins by the smallest margin—one pin.

The first series is nearing the end and some of the highest averages and scores are published as a forecast of the final results.

The match of Saturday, December 3, is a postponed match originally scheduled for November 4.

Goal Almost Reached

Final reports from the chairmen of all the volunteer divisions in the field during the recent campaign of the Welfare Federation show that the total amount contributed by the residents of Philadelphia and suburbs for the maintenance during 1928 of the 128 federation agencies, was \$3,203,597.01, of which amount the Main Line division contributed \$395,772.26.

The sum that remains to be collected, \$86,076.58, is only approximately two and one-half per cent. of the \$3,289,673.60 set as the goal. Federation executives are confident this amount will be obtained and the seventh annual campaign will be recorded as 100 per cent. successful before the end of this year or shortly thereafter.

Of the sum remaining to be raised, federation officials expect to be able to collect approximately \$44,000, which represents the renewal value of subscriptions tabulated in previous campaigns, but not yet in hand. This leaves only \$42,000 of "new money" to be obtained.

Another Roll Call

Arrangements are being made in Ardmore for the annual roll call of the Catholic Near East Welfare Association, a Pontifical Society of which Cardinal Dougherty is a director.

The renewal of memberships in the association in Ardmore and the enlistment of new members is being planned by Joseph F. Moore, of Ardmore, who is general secretary of the organization and executive director of the membership movement, which is necessary to support the work being carried on in the Near East and in behalf of the poverty-stricken of Russia.

New Arrival

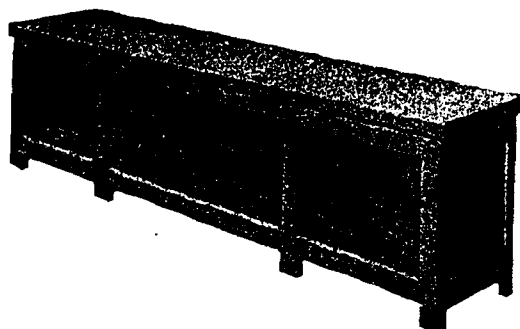

Mr. and Mrs. G. Earle Thompson, of St. Paul's road, announce the arrival on last Friday, December 2, of a baby boy. The mother, formerly Edith M. Black, and son are both doing nicely and their friends are congratulating the proud parents on this splendid addition to their household, who will be known as Donald Earle.

Shoots Deer

Richard D. Kistler, of 143 Merion avenue, Narberth, has just returned from a gunning trip in Perry county, where he succeeded in bringing down a 170-pound buck. Mr. Kistler was the only one in his party of six who had the good fortune to get a deer. He described the feat very simply: "Someone had started the buck a mile or two away and just after 15 shots had rung out he appeared on the crest of the Buck Ridge. A boy further up took a chance shot at him and headed him down my way. When he

was well within range, I fired and he fell heavily in a pile of rocks and utterly smashed his beautiful rack." Mr. Kistler, besides being known as a sportsman, is a connoisseur of antiques and pottery and is an associate of Mr. Hugh Balfour-Barclay, in the Barclay Company.

Just imagine how much more attractive your home would be with harmonious beautiful cabinets, instead of unsightly bare radiators!

Imagine the satisfaction of seeing walls and draperies fresh and clean, instead of smudged by the dust carried by air currents rising upward from uncovered radiators.

Add to these advantages the healthful benefits of improved circulation of the heat and you will see why your home should be equipped with Bohem Radiator furniture.

Bohem Radiator Shields and Cabinets are obtainable in cream, walnut or mahogany grained finishes. It will pay you to get our estimate.

Christmas Shopping

Some months ago we were sufficiently indiscreet to gently condemn our fellowmen for being sheep in allowing themselves to be sheared by a well-known prize fight promoter. Again we have observed the bovine tendencies of the human race.

Go into Philadelphia any afternoon and stand on any busy corner; watch the so-called "reasoning animal," man, and his mate, woman, and see how they conduct themselves in the holiday crowds. The traffic signals change; a harassed motorist starts to crawl across an intersection; crowds surge out in front of him; individuals stop, step back, step ahead or stand and look at him; he stops, starts again, and the whole performance is repeated. Finally with great beads of perspiration on his brow the driver reaches the other side of the street.

For the next exhibit, step into any great department store. Hundreds of people will be pawing over articles on every counter and glaring because the clerk who has stopped several minutes to help them has finally waited on some one else. Impatient groups stand tapping their toes looking for some one who does not arrive, and incidentally preventing buyers from approaching the counters. Three or four girls walk abreast through the aisles and make other walkers dodge them. Gum-chewing sales girls adjust their coiffures while customers sink into seats before the counters. Tired mothers drag along the youngsters who blubber or chant, "Where's Santa Claus?"

Why do we, who have chosen the suburbs or the country for our permanent habitat, feel obliged to move in great droves in the heart of the city just before Christmas? It is our experience that today Christmas shopping can be done more leisurely and more pleasantly nearer home. If ever there was need for a buy-at-home-week it is the week before Christmas. While we have never been asked to boost Main Line merchants, we propose to do the majority of our shopping with them; they have given us new and attractive shops and brought goods near our homes that equal any we could find in town. In many cases their prices are quite as low as those in the city; this is due, no doubt, to lower overhead; if the prices are slightly higher, the carefare would more than eat up the difference. Then, of course, there's the inconvenience and delay of downtown shopping.

Who wants to motor into town these days? Who wants to swirl through the mass of humanity that congests every thoroughfare? Who wants to shop where he must spend many minutes waiting for his wants to be attended to?

We are not down on Christmas. The spirit of giving and the attitude of brotherhood is worth all the annoyance and inconvenience that the selection of gifts causes the givers. Much of the inconvenience, as we have pointed out, can be avoided. We'd far rather drive around Narberth, Bala, Cynwyd, Ardmore and Bryn Mawr to shop than to risk our fenders and the lives and limbs of hundreds of mentally atrophied pedestrians and somnambulists in the city.

KENNEDY IS MADE NEW KIWANIS HEAD

M. P. Claney Is Now Vice
President of Main Line
Service Club.

NASH DISCUSSES WILLS

The annual election of the Main Line Kiwanis Club was held Tuesday evening at the weekly meeting. Those elected were: President, D. J. Kennedy; immediate past president, C. H. Meredith; vice president, M. P. Claney; treasurer, J. H. Hall; district trustee, Joseph Cairns, Jr.; directors: Alexander Ferguson, M. J. Casey, George Gane, Ira V. Hale, W. A. Madden, H. E. Johnson and R. F. Mahan.

This completes the roster of officers and directors for the club with the exception of the secretary, who must be elected in accordance with the club By-Laws by the new Board of Directors within one week from the date of the annual election.

The meeting was in charge of William J. Byrnes, Jr., of Ardmore, chairman of the Committee on Kiwanis Education. Mr. Byrnes had arranged to have as a speaker Robert J. Nash, who has recently retired as president of the Philadelphia Real Estate Board.

Mr. Nash took as his subject "The Business Man and His Private Business." He paid a glowing tribute to the type of business man who is affiliated with the various service clubs, but deplored the fact that the ordinary business man, while he is very careful of the details of his own business, is proportionately careless in the administration of his private affairs.

The speaker outlined the necessity for every business man taking the proper steps by the preparation of a will and the appointment of qualified executors to see that his estate, which he had spent years in accumulating, would properly be handed down to his heirs. He also stressed the necessity of protecting the title of real estate, particularly the home, so that upon the death of either husband or wife, the title by operation of law and without any of the inconveniences or expense incident to the administration of an estate, would vest in the surviving spouse.

Among the guests present were Harry T. Leedom, cashier of the Ardmore National Bank and Trust Company, and treasurer of the Ardmore Rotary Club, and Joseph L. Bowles, of Charleston, S. C., field representative of Kiwanis international.

Many a seemingly successful man owes it all to his wife's father.

AUSTIN, SELLERS AGAIN HEAD BOARD

Re-elected as President and Vice President of L. M. School Body.

OPEN ASHLAND ANNEX

William L. Austin, of Rosemont, and Mrs. J. C. Sellers, Jr., of Merion, were re-elected president and vice president, respectively, of the Lower Merion School Board at its annual election meeting Monday night in the Senior High School at Ardmore.

Mrs. Sellers' selection as vice president followed her re-election to membership on the board in November. She was made vice president for the first time last December to succeed Richard J. Hamilton, who declined re-election to the post.

Election of officers and acceptance of the monthly report of Superintendent S. Edgar Downs were the chief features of the School Board's brief meeting. Extracts from the superintendent's report follow:

Monday will see the opening of the Ashland School annex, it is now hoped. By that time sufficient small final repairs and adjustments will be made to enable classes to move in. Some difficulty is being experienced with the heating plant, but it is expected that this will be remedied by Monday.

Extensive use of both the high school libraries by the Senior and Junior High School students has convinced the School Board that it will be justified next spring in making a special appropriation for the purchase of new books for these libraries. Both the full-time, qualified librarians in charge report an ever-increasing demand for a greater supply of reference books and standard fiction.

Decision has been made to improve the school bus service to and from Merion Square following receipt by the School Board of complaints about the hired bus service now being maintained. It is claimed the busses have failed repeatedly to follow the schedules, and as a result have been forced to drive at times so rapidly as to make them unsafe. Steps are now being taken to substitute a school bus for the hired bus as soon as practicable.

Gladwyne and Wynnewood road schools were discontinued all day Monday as a result of the breaking of nearby power lines during Sunday's storm. At present electrically-driven fans are in use in all township schools, and in most of them the pumps which care for the return of hot air to the boilers are also electrically driven. It is therefore anticipated that any further failure of electric service will result in temporary closing of nearby schools until wires are repaired.

Minnick to Run Summer School.

Dean Minnick, Dean of the School of Education of the University of Pennsylvania, was granted permission to conduct summer sessions in township schools again next summer.

WHAT WOULD YOU LIKE TO KNOW?

Question Box to Be Feature of L. W. U. Meeting.

The regular meeting of the Narberth League of Women Voters will be held in the American Legion Rooms, Community Building, next Monday at 3.15 P. M. The late starting time is due to the fact that the kindergarten also held in that room is dismissed at 3 P. M. A large attendance is hoped for at this meeting. Councilman Daniel Leitch will speak. The subject of his talk will be that perennially interesting one, "The Finances of the Borough," and who should know them better than Mr. Leitch. The second speaker will be Mrs. Edgar H. Cockrill, her topic being "The Committee of Seventy." These meetings are open to the public, and it is hoped all people interested in these subjects will be on hand.

The League is to have a Question Box. What do you want to know? Ask the League and any reasonable question put in writing not later than a week before the meetings will be listed for an answer. Send questions to Mrs. A. C. Staples, 124 Woodside avenue. The League is planning to have very interesting meetings this year, taking up one local and one either State or national question with competent people to speak on each.

CHURCH LEAGUE ELECTS OFFICERS

Seven Teams Aid in Forming Main Line Basketball Association.

WILL PLAY 14 GAMES

Officers for the new year were elected at a banquet of the Main Line Basketball League, held last Friday night in the Y. M. C. A. at Ardmore. A constitution was drafted and will be presented for approval at another meeting of the church league, to be held Tuesday night, in the Ardmore "Y," which serves as its headquarters. Walter Carpenter, physical director of the Y. M., presided at Friday's meeting until the new officers were elected.

Charles W. Peckworth, of the Llanerch Presbyterian Church, was made president of the league, with William Hurd, Narberth Methodist, vice president. Warren F. Drumm, Cynwyd Presbyterian, was chosen secretary and Cy Signor, of the Llanerch Methodist, treasurer.

The church basketball season will begin early in January, when the seven teams in the league will commence playing the 14 games scheduled for their season. Churches participating this year in the league are the Narberth Methodist, Narberth Presbyterian, Grace Chapel of Oakmont, Llanerch Presbyterian, Llanerch Methodist, the Y. M. C. A. and the Cynwyd Presbyterian.

Benjamin Emery, Philadelphia basketball official, was the speaker at Friday's organization meeting. He told of the Church Basketball League in Philadelphia, in which he is an active worker, and gave advice to the local court men.

\$11,849.50 COLLECTED

Red Cross Still Open for Memberships.

The total memberships up to date for the 1928 Roll Call Main Line Branch American Red Cross is 6253. These, together with contributions, make a total sum of \$11,849.50.

A list of the districts and their amounts will be given later, as several have not yet made a complete report as yet.

Should by accident any houses be missed by the solicitor those wishing to renew their memberships or join the Main Line Branch may bring or send subscriptions to headquarters, Memorial Building, Bryn Mawr.

Although complete returns are not available except from less than half of the volunteers, yet by comparing returns from the same units this year with last the Philadelphia Committee is able to make a forecast of Roll Call results on a conservative basis.

An average increase in membership over last year of about 12% is indicated, made up as follows: About 10% in the city wards and county branches. About 20% increase in the industrial and business group through the appointments in offices. The booths, the miscellaneous and scattering sources about the same, but with a larger return in dues. From the men's committees it is estimated at least 2000 members in the forms are paying dues over the dollar a year. This was a new

PRINCIPAL TO SPEAK

Teaching Methods Topic at Mothers' Council Meeting.

Principal George H. Wilson, at the regular monthly meeting of Mothers' Council, will talk on "New methods in teaching and why they are better than the old ones."

The meeting will be held Monday evening, December 12, at 8 o'clock, in the Narberth Junior High School.

All Narberth people interested in the schools will enjoy this opportunity and the discussion which will follow. Come prepared to ask any questions which have arisen in your own minds, as Mr. Wilson will answer them after his address.

Miss Kevorkian will give, at this meeting, a report of the medical examination which has just been completed at the school.

The Council welcomes at its meetings all people who are interested in the school, whether they are members of the Council or not.

WATER SCARE WAS NEEDLESS, CLAIM

Health Board Finds Quality Improved in Recent Tests

COMPANY HEAD OBJECTS

No alarm need be felt about the quality of water supplied Main Line residents by the Philadelphia Suburban Water Company, according to C. E. Davis, manager of the company, in a letter which was read at the December meeting of the Lower Merion Health Board, held Monday night in the township at Ardmore.

Mr. Davis, who is a former chief of the Philadelphia Water Bureau, wrote the health board protesting publication November 11 of a report by Chemist David Wilbur Horn that bacillus coli in the 10 c. c. count of tested water had shown plus cultures recently.

Publication of the report that Main Line water was not up to par resulted in several telephone calls to the health office at Ardmore, and to the water company office at Bryn Mawr, by alarmed residents asking if all drinking water should be boiled in order to be made safe. Mr. Davis objected to this report in his letter to the health board, and in a statement to the press Wednesday afternoon.

Fall rains caused the presence of more sediment in the water than usual, health board officials assert, and this caused the temporary plus cultures to be noticed in the bacillus coli tests. "The water was not unsatisfactory, as reported," Dr. Wilbur stated this week. "It was merely not so satisfactory as it had been."

AT THE THEATER

Whenever the name of Mrs. Wallace Reid appears on a screen production something unusual may be looked for. "The Satin Woman," which is the feature at the Narberth Theater on December 12 and 13, is no exception.

Here is the spectacular, vivid story of a woman who, by virtue of her fair for style, was able to win the applause of the world but who, at the same time, lost the love of her husband and family.

Mrs. Reid personally plays the title role herself and has secured for her support the services of Rockliffe Fellows, John Miljan, Alice White, Laska Winters, Gladys Brockwell, Ethel Wales and Ruth Stonehouse.

Brilliant scenes in the fashion salons of New York, the society atmosphere of Florida in winter, form the background for a story that is as unusual as it is dramatic. Walter Lang directed the production, which ranks as one of the most gorgeous screen offerings of the season.

Bringing with it the scent of the northern pine forests, "The Coward," an F B O production starring Warner Baxter, will show at the Narberth Theater next Wednesday and Thursday.

Adapted for the screen from a story that ran in Hearst's International Magazine, "The Coward" deals with the adventures of a young society man, Clinton Philbrook, who goes into the north woods of Canada to reclaim his lost honor.

In love with an exquisite girl, Philbrook unfortunately drags her name into a brawl in which he is defeated by his rival. In the attempt to build himself up to the point where he can whip his enemy, he makes a heart-breaking hike through the wilderness with a picturesque French-Canadian trapper, and emerges a man.

On the completion of his trip, Philbrook saves the life of his rival that he may avenge himself later. The manner in which he wins the girl and redeems his honor forms the dramatic climax.

Perhaps for the first time in the history of motion pictures, a plumber has been made the hero of a cinema production in "Jake the Plumber," FBO comedy feature, which will be shown at the Narberth Theater for two days beginning Friday.

Edward I. Luddy, director of "Jake the Plumber," has invaded a new field and brought an unusually funny production to the screen. The picture features Jess DeVorska, a newcomer to comedy ranks, and his work in this picture undoubtedly assures him a place among the leading funsters of movieland.
